Materials & construction

Substrates	PVC, PP, PET, PETG
Product role	Decor (HC colour) layer for flooring, furniture and wall-panel systems
Ink system	Water-based inks (standard option since 2016); solvent systems available
Print process	Rotogravure (intaglio), high-definition engraved cylinders

Dimensions

Thickness	0.03 – 0.2 mm
Width	980 – 2300 mm (widest gravure line in Asia)
Pattern circumference	1000 – 2140 mm
Patterns	1,000+ designs; five series; EIR-registration artwork available

Production & quality

Standard lead time	15 working days from order confirmation
Capacity	190M m/yr (China) + 60M m/yr (Vietnam)
Certifications	ISO 9001 · ISO 14001 · ISO 45001; Jiangsu Green Factory; national real-time emissions monitoring
IP	56 patents incl. 6 invention patents

Customization & supply

Colour	Spot-colour matching to customer standard; physical strike-offs
Exclusivity	Customer-exclusive pattern development available
Origin options	China (Zhenjiang) or Vietnam (Bac Giang) — tariff-optimised routing for US-bound orders
